

Advanced Communication Skills Masterclass

Supporting International Medical Graduates

Face to Face Workshops

University Hospitals of Leicester NHS Trust

22nd September | 4th October | 9th December

Start 09:30 – 16:30

(Arrival and registration at 9:15, break at 11, lunch at 12:30 and tea 2:30)

Outline

This one day interactive practical course is an ideal opportunity to develop advanced communication skills and increase your confidence tackling challenging and difficult conversations.

By the end of this workshop, you should be able to:

- Understand the value of effective communication for patients, staff and organisations
- Recognise potential barriers to effective communication
- Demonstrate skills that facilitate effective communication
- Demonstrate different approaches and strategies to communication challenges

Facilitator - Dr Sophie Price

Sophie is a Consultant in Palliative Medicine, Medical Educator and Coach. She is an experienced facilitator, teaching regional and national courses on clinical education and enhanced communications skills. She has a special interest in multi-professional communication skills training, recognising the importance of developing skills that not only support in excellence in patient care, but can improve staff well-being and resilience.
