

Advanced Communication Skills Masterclass

Stage 2 – Understanding and Challenging our own Professional Behaviours

Zoom Virtual and Face to Face Workshops

Health Education England, Yorkshire and the Humber

Thu 27-Oct-2022 (AM) | Thu 17-Nov-2022 (AM) | Mon 28-Nov-2022 (AM)

Booking through Maxcourse

The stage 2 workshop provides the opportunity to build on the skills from the 'Advanced Communication Skills Masterclass core - modelling professional behaviours workshop'.

Through practice, feedback, and reflection we aim to provide a safe space to enhance your skills in order to:

- Communicate more effectively in challenging situations at work e.g. responding to conflict, giving constructive feedback, breaking bad news, handling a complaint or error etc.
- Have increased self-awareness and understanding, which will enable you to communicate with greater clarity and compassion.
- Improve your leadership skills through reflecting on complex scenarios, learning useful tools and phrases and applying these in practice.

Facilitators

DoctorsTraining is a collaboration of doctors with a wealth of experience at a local, regional and national level in postgraduate medical education, coaching, appraisal and medical leadership. As a group we are passionate about the support and development of doctors by doctors. The workshops have been designed and are delivered by our faculty of clinicians who are experts in their field and inspirational trainers. We have the unique balance allowing us to share many years of real experience along with the latest updates and changes in training from our core team occupying key leadership roles in medical educations.
